

Bill & Linda Huff with TEAM (Japan)

Bill was the first Crossroads Fellowship Missionary to be “home-grown”. He was at Crossroads Fellowship in our early days; felt led to have a short-term experience in Japan, and then came home to begin studies at Columbia International University where he majored in church planting and missions. He also met his wife Linda there too.

Bill & Linda have been church planting in Japan with TEAM (The

Evangelical Alliance Mission) since 1996. Their first church plant was in Yokohama, where they assisted a Japanese pastor in planting a reproducing church. They are currently planting a “pioneer” church in Hatsukaichi-City, Hiroshima prefecture, with a population of around 120,000 people. There is no other Evangelical church or witness in the city. The Huff’s teach Bible studies and have weekly Sunday services as well as English Bible classes. The goal is a fully functioning, indigenous, reproducing church that can be handed over to Japanese leadership. All this takes lots of time and prayer, as Japan still remains less than 1% Christian.
