

Patrik Ostbye
Wake Forest – Rolesville
Community Chaplain

I came to faith in Christ in 2003 at Crossroads Fellowship. Since that point my relationship with the Lord has deepened considerably. I've seen my life completely transformed from the inside out during the past eight years from the love and support I have received from members, staff and elders at Crossroads Fellowship.

The next phase of my journey is answering the call to use my gifts and talents to serve the Lord on a full-time basis. Crossroads Fellowship has trained and commissioned me to become a Community Chaplain. I will be giving care based on building caring relationships with employees or church members in Wake Forest - Rolesville by providing a level of care that is not often experienced.

All relationships are permission based and confidential, so the individual is in charge of how deep and to what extent the relationship will grow. Revelation 3:20 capture the spirit of this process: "Look! I stand at the door and knock. If you hear my voice and open the door, I will come in, and we will share a meal together as friends."

Community Chaplains incorporate a variety of means for caring in the workplace and church which include: confidential care giving, crisis intervention, facilitating worship and/or prayer, referring to other care giving professionals and agencies, recommending training resources, and facilitating relations between employees and Crossroads Fellowship.

Whatever the scope of each family's problems or concerns, I have a network of qualified and trustworthy care giving providers that can help. "For I know the plans I have for you," says the Lord. "They are plans for good and not for disaster, to give you a future and a hope." Jeremiah 29:11 (NLT)
