

Steve & Toby Hopper w/Global Aid Network (GAIN) (Worldwide)

GAIN, the relief, humanitarian aid and development arm of Campus Crusade for Christ, uses compassionate resources such as food, water, clothing, medical and school supplies, and even teddy bears to reach needy adults and children with the Gospel of Jesus Christ. GAIN (Global Aid Network) missionaries like to say that the ministry is compassion-driven and Great Commission-focused.

Steve served fourteen years on the Crossroads Fellowship pastoral staff in many roles. He received the Lord's call to pursue ministry with GAIN after joining Toby on a mission trip to the former Soviet Union in 2004. Toby had made many short-

term mission trips to a variety of destinations in the former Soviet Union, visiting orphanages and other facilities housing children and adults needing a great deal of humanitarian assistance. It was during his first mission trip with Toby that Steve was deeply touched by the people he met and by the role that GAIN was playing in reaching these people with the love of Jesus Christ.

After this trip in 2004, God called Steve and Toby to join GAIN staff in 2006 as missionaries with Campus Crusade for Christ; making their home base in Dallas, Texas, at the GAIN USA office. Steve serves as the Vice President of Mobilization. Toby works in the office supporting staff members and volunteers. Both continue to travel abroad extensively. Steve and Toby are empty-nesters, who have successfully raised three sons, now all married: Steve and Adrienne, Christopher and Susan, David and Merrill. They are thrilled to be grandparents to Joshua, Timothy and John Micah.
