

Susan Pearson w/International Teams (Greece)

In April of 2000, Susan joined the International Team Refugee Ministry in Athens, Greece. She is currently serving as the Short-term Team Coordinator. They welcome anywhere from 12 - 15 short-term missions teams a year from all over the world. She works with a large international staff team at the ARC and is one of the veterans on that team.

There are two constants with any refugee ministry: God and change. What the schedule and plan calls for today, may be completely different tomorrow and it won't be known until tomorrow comes!

Susan and her team currently offer tea to the general refugee population from Iran, Iraq, Afghanistan, Sudan, Somalia, Palestine, Algeria, Ukraine, Russia, Myanmar, Bangladesh and a host of other countries one day a week and another day of the week, they host a sit-down dinner for 120 of their closest refugee friends of a specific language group (2 weeks of Farsi speakers followed by 2 weeks of Arabic speakers). They used to only offer the use of showers for men and they are now able to also offer showers to women and children.

The Tea House is open two days a week with hopes that they will be able to expand their operational hours this year. Susan also currently visits with other refugee families from Iraq and Iran.
