

Dear Friend,

My name is Gary and I am a cowboy. I love horses and love to take care of them. I also train American Quarter horses that have not been ridden and sometimes are afraid of people. My favorite color is Palomino that is blonde with a creamy white mane and tail.

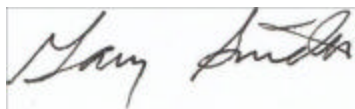

I am a Christian and love to tell other people about Jesus Christ. Jesus is very important to our family and to me each day as I pray for other people and for myself. I have been a Christian for about 36 years. I hope someone has told you about Jesus and how to place your faith and trust in HIM. Maybe you can watch the "JESUS" film to know more and talk with another Christian to help you understand how to live each day like the Bible talks about. My favorite verses in the Bible is Proverbs 3:5-6 "Trust in the LORD with all your heart, lean not unto your own understanding, acknowledge HIM in all your ways, and HE will make your paths straight."

My favorite food is Mexican food and sometimes I get to eat it several times a day. The best thing is chicken burritos and salsa.

We live in a log house and I am building another one. I learned to do construction work while in high school, working for my grandfather. He gave me my first job building houses, buildings and a miniature golf course. I also learned how to be a teacher, to teach others how to build furniture and other things out of wood.

I live in Colorado in the mountains and it is about time for the snow season to start. We get a lot of snow and it is pretty where we live. We live close to Pikes Peak which is 14,110 feet high and has snow on the top most of the year. We also have deer that comes in our front yard each day to eat grass or corn if we put some out for them. We heat our home with firewood, so I have to cut and split it before winter, so I better go for now and get prepared for the winter time.

Because Jesus Cares,

Gary Snider
